## Nameoki Twp. Boosts Budget By \$4900

**\$1800 for Officials;  
\$2400 for Dog Pound  
Site; \$700 Retirement**

A \$4900 increase in the town fund budget for a total of \$38,145 instead of \$33,245, was approved by the 18 electors at the Nameoki township annual meeting Tuesday evening. There were no changes in the relief or dog budgets.

The town fund budget increase includes an addition of \$100 (\$100 a month) for Supervisor Harry Briggs as overseer of the poor, a \$500 (\$50 a month) expense allowance for town clerk John Karleick, \$2400 to acquire a site for a dog pound, and \$700 to provide retirement benefits to elected officials, starting next Jan. 1.

Briggs as supervisor, earns \$1500, and the assistant pay is \$2700, for a total of \$4200. Town Atty. Nick Vassili said it was his opinion the pay for overseer of poor could be changed during a term of office, while the salary of supervisor could not. As town clerk, Karleick is paid \$1250 a year.

**St. Clare Tract**  
The \$2400 addition for purchase of a three-acre tract for a dog pound, was added should the township decide to erect such a building. No site has been selected, but the town board of auditors has been studying the need for the facilities. No funds are included in the budget for construction.

The township presently has only its road department workers enrolled in the Illinois Municipal Retirement Fund, but permission was given Tuesday's annual meeting to include elected officials — the supervisor, assistant supervisor, three members of the board, highway commissioner, assessor, tax collector — and other township employees in the retirement program.

The \$700 figure is to cover only three months of the next Jan. 1 through March. Town Auditor Herbert Pollock was elected to serve as moderator for the bi-monthly town meeting.

**\$116,480 Tax Levy Total**  
The board adopted were \$38,145 for town purposes, \$31,000 for general assistance and \$47,335 for road purposes, for a total of \$116,480. The levies already had been adopted when the retirement program for town employees was approved.

## Storm Damage In Quad-Cities Nearly \$3,000,000

The storm damage estimate for the Quad-Cities was revised upward from hundreds of thousands of dollars to nearly \$3,000,000, by insurance claims agents who began property inspections in earnest this week to learn the extent of last Thursday night's wind and hailstorm.

The hail, which hit the entire Quad-Cities, damaged roofs, house siding, awnings and smashed windows and caused extensive damage to automobiles. The thousands of Quad-Cityans with storm damage are being advised to notify their insurance agent as soon as possible, and it is expected the crews of claims agents, repairmen and adjusters will complete their inspections within three weeks.

**Allow Time For Settlement**  
Settlements should be made within a few weeks after the claims are investigated, and the storm claim adjusters' offices are expected to be in operation here from four to six weeks. The damage was most severe in Granite City and outlying areas, but considerable damage also was reported in Madison and Venice and the Pontoon Beach and Mitchell areas.

The hailstones ranged in size from marbles to golf balls to two inches in diameter.

Roger Schwartz, supervisor of the Underwriters' Adjusting Co., told the Press-Record that 90% of the claims are expected to be made here from four to six weeks. The damage was most severe in Granite City and outlying areas, but considerable damage also was reported in Madison and Venice and the Pontoon Beach and Mitchell areas.

## Rail Strike Would Cripple Local Industries

Several major industries in the Quad-Cities will be crippled almost immediately if a nation-wide rail strike begins at midnight tonight.

A. O. Smith Corp. would be forced to begin curtailing production and reducing its 1550-member work force within one week. The company's main plant is in the Quad-Cities, and it would be forced to drop about 400 workers because of a shortage of coal which would curtail production at the blast furnace division and proceed through the other operations at the open hearth and in the rolling mill.

A company spokesman said about 40 to 45% of finished steel is shipped by rail. The steel mill employment is about 500.

**Union Struck Concerned**  
At Union Starch & Refining, where over 500 persons are employed, rail is used extensively for receiving raw materials and shipment of finished products. The firm uses its rail cars for storage and would have to begin its curtailment within a few days.

No immediate problems are posed at General Steel Industries, across from St. Elizabeth's Hospital, has been filled with water and is in operation. Park district employees sealed lights in the fountain and filled it with water Tuesday, using a recently purchased fire hose. The job was formerly done by city firemen.

Local industries are hopeful an agreement can be reached to day in Washington.

**Traffic Court Compliance**  
It was pointed out that individual drivers are responsible for each sign and that while the city has authority to erect stop signs at its own discretion until 1972, the state highway depart-

## \$850 Daylight House Burglary; Other Area Thefts

Burglars escaped with \$850 from the home of Curtis Thompson, 2515 Grand avenue, it was reported to police at 3:45 p.m. Tuesday. About \$33 was removed from the west side of the house, and the rest was in a roll of bills in the same drawer.

Entry was gained by breaking the glass out of a basement door, and the burglars went into the house, and then going upstairs into the dining room.

Thompson, a service station operator, was home taking a nap in a bedroom after having lunch, and before returning to work, and his wife had gone to the grocery store. He heard footprints in the kitchen and thought it was his wife.

Mrs. Thompson said her billfold containing money was in another drawer and her daughter's purse was a valuable, but they were untouched.

Two neighbor boys heard the glass break and reported to their mother, Mrs. Thompson said. The mother questioned them and they went to the Thompson home, but it was too late.

**Fire Stole Animal Lot**  
A milk auto, sweater, portable mixer, toaster and two of five watches are still missing after a burglary between 7:30 p.m. and 10:15 p.m. Tuesday at the home of Mr. and Mrs. Frank Morris, 1100 Reynolds street, Madison.

A pocketwatch, two wristwatches and a metal box containing personal papers were recovered after being found by a passerby.

The burglar entered by removing the window screen and then taking out a basement window, which fell to the basement floor. Kitchen cabinets, bedroom dressers, closets and desk drawers were ransacked.

A metal cabinet was forced open and two \$20 bills were taken. (Continued on page 3, col. 7)

## Staff To Compile Election Returns

The Press-Record staff will compile results of school board elections Saturday night and will relay the information to the board.

Election judges are requested to telephone the newspaper office (CTR 45-2000) as soon as possible with precinct results.

No much information is expected before 8 or 8:30 p.m., since the polls do not close until 7 p.m.

## Court Test May Precede Venice Teacher Hearing

Possibility of a court test of dismissal of 11 teachers effective this summer was cited Tuesday night's Venice school board meeting.

Mr. Charles Letherman Jr., a school board member, announced that if the board were really interested in the welfare of the teachers, they could do something about it now, or at least by tomorrow.

**13 Undergo Surgery At St. Elizabeth Hospital**  
The following are recovering at St. Elizabeth Hospital from surgery which they underwent this week:

Anna Bielecki, 2149 Iowa street; Jane Patton, 3510 Terrace lane; Robert Brase, 1701 Venice avenue; Nancy Gosh, 2700 Myrtle avenue; Al Stanley, 2439 Lincoln avenue; Phillip Meza, 2440 Glen place; Mark Donaldson, 1907 Maple street; Joseph Buscemi, 2908 Oregon avenue; Regina Jakovich, 911 Washington avenue; Florence LaRose, 2712 Lincoln avenue; Robert Harris, 2690 Adams street; Clifford Morgan, 2200 Ohio avenue; Ann Mooshegan, 2569 Boyle.

**Meet On GC Master Plan**  
Updating of the Granite City master plan was the topic of a meeting this afternoon at the city planning commission, headed by David Morgan. Granite City Housing Authority, Chamber of Commerce and Associated Retailers.

## Witnesses Being Heard During Court Hearing; Strike in its Fourth Day

### Marathon All-Night Talks Fail to Settle Custodial Pay Dispute

A marathon bargaining session took place Tuesday night and early Wednesday at the Granite City school board office but failed to settle the custodial-maintenance workers' pay dispute that has caused picketing of the schools since Monday.

The board and union negotiators empowered to sign an agreement met in separate rooms at 8 p.m. Tuesday, with Supt. Harold M. Kaiser and School Attorney Maurice Dailey conferring alternately with each group until 3:30 a.m.

With no settlement reached, the board adjourned at 3:35 a.m., naming filing of a motion to obtain an injunction against the strike. Negotiations on both sides stressed their willingness to continue negotiations, but picketing continued and no time for a further meeting was set.

The decision to seek an injunction was one of several possible studies by the school board. The board briefly discussed eliminating custodial and maintenance positions and contracting for the work, and also considered filing a damage suit against strikers to test whether public employees can legally engage in collective bargaining and halt operation of public buildings.

It was also brought out that all teachers who failed to report for work this week have violated their individual contracts and are subject to loss of tenure and suspension for up to one year.

In addition to the individual contracts, the teachers' local has 1400 teachers' agreement effective until June 30; custodians and maintenance workers' agreement expired last June 30, and they had continued work without a pay settlement until this week.

School carpenters and painters receive \$680 a year or \$3.26 hourly based on 2080 hours (\$2 per hour, 40 hours a week). The painters and chauffeurs are paid \$5519 or \$245 (lead men) and \$3279 or \$233 (assistants). Matrons receive \$4629 or \$222 as do Logan annex and adobe; Dr. E. W. Walton, 57 Jan. day; Board President Ralph Erickson, 3423 Lydian; and John B. Moss, 2012 Omaha street.

Those seeking the rural post being vacated by Board Secretary George Stuhard are Robert Crider, Frank Melchior and Boyd Preddy, all of Rural Route One, and Jack Sneed, 1411 Norwood drive.

Under the law, at least one rural candidate must be elected, and if two rural candidates run first and second, both will be named to the board.

**Madison Candidates**  
The six seeking the three Madison board posts are President John Belloff, 1013 Grand avenue; Henry M. Baucum, 815 Bissell street; and Chester L. McMan, 1683 Second street. Incumbents, and Rev. Oscar E. Elridge, 1114 Logan street; Clifford B. Bickel, 1013 Grand avenue; and Harold Talmage Fisk, 1124 Iowa street.

**Street Plans, Zoning Top Of Civic Group**  
A group estimated at 70 persons attended the initial meeting of the Wildfire Manor Civic and Improvement Association Tuesday night at Peace Lutheran Church, with Michael Roe presiding. Date of the next general meeting will be set by the board of directors.

Principal topics were efforts to extend Clark avenue to provide additional access to the subdivision, its extension to be known as Bunker Blvd., and county zoning hearings scheduled in Nameoki township. It was decided to have representation at the hearings to obtain details on proposed business developments.

### School Strike Sidelights

A group of mothers from West Granite and Lincoln Place began picketing the Granite City board of education offices, 204 State street, yesterday in a protest move related to the strike by public school custodians and cafeteria workers.

They carried signs urging the Janitors, Put Our Kids Back in School. The group said it plans to continue the protest until the strike is settled.

Several mothers sat with children in warm automobiles, waiting to relieve their companions. "Our main complaint," said Mrs. Adams, spokeswoman for the group, "is that our kids are being sent home every day from school."

**No Pickets Saturday**  
In the event the Granite City custodial strike continues through Saturday, pickets will be withdrawn to permit the operation of the school board election polling places in the schools, it was announced last night by Jack Green, business agent for the Laborers' Local 6.

Green said the decision was made during a meeting of the unions involved Wednesday afternoon.

He said the unions never knew what time it will be. "We're in the morning there will be school. They go and the principal sends them home. They're the mothers work and they don't know whether to get a baby-sitter or what."

She also emphasized that the mothers are very concerned that their children receive a proper education. And they fear that if the missed school must be made up in June, vacation plans of many families will be disrupted.

"The other day," Mrs. Adams continued, "we had the whole neighborhood looking for the boy. His mother was worried to death. We finally found him on the playground had been dismissed but he was inside and they let him in."

She said the group favors a pay boost for the striking employees, because they deserve it, but that the major concern is that the strike end quickly. "We just want to get it over with and get the kids back in school," she said.

**3 DAYS WITHOUT A QUAD-CITY TRAFFIC DEATH**  
Other than vandalism at Centerville.

### Classes Limited to 6 Schools Today Due to Cold, Lack of Heat

A hearing on a request for a temporary injunction to restore normalcy to the 19 Granite City public schools disrupted by a four-day-old custodial-maintenance personnel strike was still in progress this afternoon at the Madison county courthouse in Edwardsville.

Court action initiated by the school district yesterday resulted in Chief Circuit Judge Harold R. Clark calling a hearing for 9:30 a.m. today, it resumed at 9:15 for lunch and recessed at 1:30 p.m.

During the morning, opening arguments were given by School Attorney Maurice Dailey, Attorney Harold Grunberg, representing custodians, maintenance workers and cooks; and Attorney Kenneth Kelly, representing teachers. Mr. Muller, Teachers' Local 743 president, was the only witness heard before lunch, and others were scheduled for this afternoon.

There was speculation that the hearing would be concluded today, since issues are not expected to be complex. Whether there is reasonable basis for a temporary restraining order, the exact number of witnesses scheduled to be called, however, was unknown at printing time.

The courtroom was crowded with a gathering estimated at more than 100 persons. Most of them were believed to be teachers and school employees. The hearing was conducted by custodians with the aid of cafeteria workers.

Although there were brief flares of temper over some of the legal points, the hearing was described as proceeding in an orderly manner.

**No Extension of Term**  
As yet, there is no need of extending the school term beyond June 30, the expiration date. Schools failed to operate the required five hours on Monday, Tuesday and Wednesday, but as usual but fewer classes were assembled, and instruction ranged from remedial to general.

Classes were held in six schools today.

Colder weather arrived Tuesday night and forced even greater curtailment of classes yesterday and today. Furnaces had broken into a burglary at 12:05 p.m. Wednesday night, and broke a window in the door and pried off a padlock from the inside.

**Liquor, Cigarettes Stolen In Tavern Break-in**  
A large amount of liquor was stolen and a cigarette machine was broken into in a burglary at Ernie's tavern, 4000 Nameoki road, operated by Ernest French, 2144 Western avenue, after a l.i.m. Tuesday.

A first attempt to pry open the door failed, but a burglar broke a window in the door and pried off a padlock from the inside.

**Customer's Wallet Stolen**  
Vida Reading, Sullivan, Mo., who is visiting here, reported at 12:05 p.m. Wednesday night that her \$200 wallet was stolen from her purse while she was looking at hats in Woolworth's store, 15th street and Edwardsville. She said she felt someone bump her and second purse found the purse open. She said the same thing happened to another woman standing nearby.

## MORE ABOUT School Strike Highlights

(Continued from page 1.)

trial junior high school—a golf ball thrown through a window on the north side early yesterday afternoon—there were no reports of property damage during the strike. No physical violence was reported, but there was a verified incident of a death threat to a non-striking teacher, and another report of an implied threat. Youngsters said a man threw rocks at them as they approached a school, and there were telephone calls of varying content.

A report that James Hoffa, Teamsters national leader, had expressed backing for the local strike was not verified by a union spokesman.

Both Tuesday and yesterday qualified as official school days. Some classes were conducted for at least five hours at one or more school buildings.

The number of days actually lost will be counted after the strike is over. The impact of the strike financially and on the length of the school term is unmeasurable loss is the information not learned by students absent on days counted as official school days.

It was easy to serve summons and hearing notices yesterday. Most of the union officials, including teachers and maintenance personnel, were at the Madison county courthouse yesterday afternoon to confer with County School Supt. Wilbur Trimpe.

Accompanying them were Attorney Harold Grunberg, who is representing the strikers, Attorney Kennedy-Kelly, representing teachers and state, and national Teacher Federation officials.

Trimpe said today he told them he would follow the law regardless of his personal opinion, whatever capacity that he might become involved. He said a personal survey by Assistant County Supt. Raymond Dragich and Granite City Supt. Harold M. Kaiser showed the school facilities being operated were satisfactory.

While noting that he does not like all the particulars of the dispute, he feels the school board and the strikers are not talking about the same thing.

Talking a case from a previous school salary dispute, in which

activities of school employees and from expending any monies in furthering, aiding or abetting the strike.

It also requested that the unions be ordered to rescind any strike call and that they be ordered to provide for or spending funds for picketing.

The 20-count complaint filed by School Attorney Maurice Dailey related that the school district employs about 525 teachers and certificated personnel, 100 cafeteria workers, 75 custodians, one laborer, two carpenters, two painters and two truck drivers.

It listed Building Service Employees Local 98 as having a membership of about 175 cafeteria workers and custodians; Laborers Local 397 as having one member, Carpenters' Local 633 two members, Painters' Local 120 two members, Teamsters Local 525 two members and Teachers' Local 743 an unknown number of members.

The complaint said April 6, 7 and 8 and subsequent days had been designated as legal school days and that to comply with the state law and constitution it is necessary that school facilities be kept in a clean, healthy and sanitary condition, that the cafeteria be properly staffed and maintained and that the teachers be present to carry out the educational program.

It is alleged that members of Local 98 were picketing Monday to dissuade other school employees from performing their duties, that all of the defendants have conspired together in a concerted effort to close or obstruct the school system; that the unions other than Local 743 had agreed in the event of an injunction against Local 98 to in successive order call strikes, causing a "prolonged interruption in the educational program"; and that Local 743 had conspired with the others to dissuade the school employees from working and "condoned and participated in" the strike.

Picket lines are alleged to have been set up to prevent or impeded school operations, continuing to do so unless an injunction is granted, and that there is no other adequate remedy. The strike and concurrence with the strike are said to be in violation of public policy and to cause irreparable damage to the school district. Lack of proper maintenance is deemed as a possible threat to the public safety or welfare.

The complaint also cites the strike as possibly jeopardizing voter safety Saturday, constituting a misdemeanor.

**GC Steel Attorneys Study 'Big Steel' Case**

Granite City Steel Co. attorneys are studying today the text of Tuesday's federal grand jury indictment in New York of eight larger steel firms on charges of conspiring to fix prices on steel products. The local firm was not indicted, but was listed with two other firms as co-conspirators. U. S. Steel Corp. today denied the charges of fixing prices of "extra" on steel sheets. A spokesman for Granite City Steel said this morning that the firm's attorneys received official data on the case this morning and has not had a chance to study the text.

The "extras" listed in the indictment of U. S. Steel, Bethlehem Steel, National Steel, Great Lakes Steel, Jones & McLaughlin, Armco Steel, Republic Steel and Wheeling Steel, were special dimensions, quality or processing.

**Men's Suits Stolen**  
Joseph Strauss of the Strauss Men's Shop, 1331 Nineteenth street, reported at 9:10 a.m. Wednesday that eight or nine dark men's suits, sizes 39 and 40 and priced at \$32.50 to \$49.95 were stolen from the store after 4:30 p.m. Tuesday.

administrative office custodians. Junior high custodians received \$37.99 or \$27.75 (Coolidge-Prather lead men), and \$27.75 (Central lead men), and \$27.75 (22.53 assistants). High school assistants also are paid \$27.75 with the first boiler man and weekend men receiving \$34.99 or \$24.64 and the lead man \$35.94 or \$28.88.

**Comparison Salaries**  
Head and assistant custodians received \$55.12 and \$55.12 a year in the Madison school district. \$3500-\$3800 and \$4800 in Venice, St. Louis, \$3340 and \$4820-\$5000 in Cahokia, \$4772 and \$4235 in East St. Louis, \$5660 and \$4600-\$5300 in Belleville elementary schools and \$3260 and \$2520 at Belleville high school.

The pre-dawn sortie by the school negotiators was to ask whether the unions would accept some type of compromise between ten-cent, ten-cent hourly raises sought for the two years (July 1963-June 1965) and between five-cent, five-cent raises. The reply was a raise of 10 cents this year and no cent next year—same as the request at the time the strike started.

During the seven-and-a-half-hour meeting, it had ranged as high as 15 and 15 cents, plus pay for Monday and Tuesday.

Board members indicated all who have failed a work will receive no pay for the days missed. Their highest offer Tuesday night was five cents and seven cents. Non-strikers are to be paid on schedule tomorrow, but others will receive only one week's pay rather than the usual two.

**Two Telegrams**  
Two telegrams were read during the meeting. One was from Teachers' Local 743 President Tom Muller, who urged that the board take all possible steps to

resolve the dispute and suggested closing of the schools from the standpoint of pupils' safety and welfare. Employees would receive regular pay for school holidays declared by the board.

Attorney Harold Grunberg wired that the union negotiators would be present Tuesday evening and accused the district of "bad faith bargaining." Board members disagreed that they had withdrawn any formal offers or that their negotiators had been countermanded. They cited instances in which union negotiators agreed to offers which then failed to gain membership ratification.

Revision of working agreements to provide more benefits and to ease jurisdictional problems was explored extensively during the evening, contingent on a pay settlement.

Union negotiators were Jack Green of the Laborers union, Arthur Cronin of the Teamsters, Eugene Elberg of the Carpenters, Val Cox, an international representative of the Building Service Employees, Howard Johnson of the Painters union and Merrill Lindley, Carl Harrison and Charles Hagan of Local 98.

**Routine Business  
For Leave Board**

Only routine matters were discussed at a brief meeting of the East Side Leave & Sanitary District trustees last night in East St. Louis.

A final payment of \$21,833 to C. & H. Construction Co. for a \$341,700 project was approved. The firm recently completed work on a sanitary trunk sewer from a pumping station in Centerville along Route 157 to a lift station south of Church lane in Centerville.

**Theft from Clerk**  
Mrs. Vina Shook, 2753 Sunset drive, a clerk at the Labson South street and Edison avenue, reported that her purse containing \$13 in a wallet, credit cards, keys, papers and a driver's license was stolen from under a counter at the rear of the store before 1:25 p.m. Wednesday.

(Continued from page 1.)

A jury in the murder trial of Wilton Earhart, 30, of Apt. A, 705 Madison, avenue, Madison, returned a verdict of not guilty. The case went to the jury at 5:15 p.m. Wednesday and recessed at 2:30 a.m. today before resuming this morning.

Earhart was charged with the gun slaying of John Allen Salomon, 24, of 2033 Fifth street, East Madison, on Oct. 27 during an argument at the Tip Top Tavern, 18th and State streets. The case was heard by Circuit Judge James O. Monroe Jr. at Edwardsville.

Quadrant residents are being warned to know firms they are doing business with before having storm damage repaired. Harlan Dobry, manager of the Tri-Cities Chamber of Commerce, said that contractors and outside companies have come in to the area soliciting business.

Dobry stated, "Be sure that the firm is a known, reputable and local, someone who will be here tomorrow," he cautioned residents about signing any agreements with these outside firms until they're sure the company will fulfill its obligation.

If anyone wants to know about the reputation of a firm, Dobry added, "they should call the chamber office at TR. 6-6400."

## MORE ABOUT Routine Business For Leave Board

(Continued from page 1.)

Only routine matters were discussed at a brief meeting of the East Side Leave & Sanitary District trustees last night in East St. Louis.

A final payment of \$21,833 to C. & H. Construction Co. for a \$341,700 project was approved. The firm recently completed work on a sanitary trunk sewer from a pumping station in Centerville along Route 157 to a lift station south of Church lane in Centerville.

**Theft from Clerk**  
Mrs. Vina Shook, 2753 Sunset drive, a clerk at the Labson South street and Edison avenue, reported that her purse containing \$13 in a wallet, credit cards, keys, papers and a driver's license was stolen from under a counter at the rear of the store before 1:25 p.m. Wednesday.

## DOWNSTATE FISHERMAN'S GUIDE

by C. A. FRAZER

(Compiled from area reports by the Southern Illinois University Information Service.)

Running true to form, Little Grassy Lake has provided the best early, early season fishing in Southern Illinois. The deep, 1,000-acre impoundment is located in the southern end of the Crab Orchard National Wildlife and Recreation Area and adjacent to Giant City State Park. It has its devoted fans, the members braving high winds, cold, rain and even snow to drop their deep-running lures among the snags and off the points where the juniper bars are emerging from a winter's rest.

Anglers from Norris City again are in the forefront of the Little Grassy early birds, according to the catch report kept by Eugene Ittensohn at the boat dock. Ray Beatty, who opened the season last year with an eight pounder, topped the performance this year (March 17) with one 8 pounds 10 ounces. A fishing buddy, Dalton Bishop, topped him by two ounces on March 27 with an 8 1/2 pounder while a third Norris Cityan, A. W. Martin, took eight bass ranging up to three pounds, on March 28. All were caught on spinner lures. Completing the record for Norris City, Harry Douglas landed a 4 1/2 pounder during the month.

Other catches reported at Little Grassy included a 4 1/2 pounder by Elmer Henson of Carmi and two in the five pound range by Gene Vest of Marion. Two large crappie were photographed at the boat house but the crappie fishing has been slow. A new boat ramp, camping facilities, additional toilets and road improvements have been made in the lake area.

**Bait Embargo Lifted**  
Big news at Devils Kitchen Lake, two miles east of Little Grassy, is lifting the embargo on live bait. Minnows now can be used. Cline Skeicher, operator of the boat dock, says the lake is milky near the dam and muddy in the necks. Early fishermen have been well rewarded with bullheads, on worms, but the bass fishing has been slow. Roadways have been completed on the east and west sides of the lake and two additional boat launching ramps placed in use.

Crab Orchard Lake, high and muddy from recent rains and winds, has yielded numerous small crappie on minnows. Boat dock operators think the bait will settle in another week and hope the bass and crappie will resume their spring feeding habits which made the lake famous in past years. Meanwhile, anglers are enjoying the abundance of 300 camping sites, 13 launching ramps, 460 picnic tables and 18 toilets in the recreation area. Those located south of the Pirate's Cove boat dock, on Route 12, will be opened for use following the area's big Family Living Show scheduled for May 8 and 10.

Horseshoe Lake, in the southwestern end of the state and just off the Illinois River, is a lake that hides among the roots of the giant cypress and tupelo trees, also a little later in the year for black-necked bluegills that dot on roaches or catpaw worms, is emerging from the winter doldrums. High waters have cleared the access road on the west side of the lake and fishermen can reach their favorite put-in points. Crappie fishing has been good, according to reports from Cairo.

**Pittiful Looking Lake**  
Most of the southern Illinois impoundments is Lake Murphysboro, drained last fall to remove an accumulation of rough fish and weeds. Heavy rains restored 11 feet of water, but the lake is still missing water but, it has 10 feet to go. Bobby Smith, state park custodian, reports 2,000 bass ranging up to seven pounds, along with 250 bluegill and 2,500 roundfish, were returned to the lake this spring and although low and muddy, it is open for fishing.

Smith called attention to the smaller lake in the same conservation park area, a 6-acre pond in Picnic Area 9, which is lifting the embargo on live bait. The pond has been stocked with bass, bluegills and redears. Numerous improvements have been made in the park, new fishing pier, electricity in the shelter house, extension to the boat launching ramp.

Bottomland lakes along the Ohio River are also recovering from the effects of flooding, are tributary streams to the big river.

## Sports Jamboree For Youth May 23

The annual Sports Jamboree, sponsored by the Junior Chamber of Commerce, will be held May 23 at the Granite City high school athletic field. The Jaycees stage the event in cooperation with the Illinois Youth Commission.

The local event is part of a statewide program consisting of track events for boys and girls 10-14 years old. State winners will represent Granite City at the sectional meet, July 11 at Hillsboro. Winners there advance to the state finals.

Events will include the 50-, 75- and 100-yard dashes, 220- and 440-yard relays, broad jump, high jump, baseball throw and hop, skip and jump. Contestants will form three age groups—middle (ages 10-11), junior (ages 12-13) and intercollegiate (ages 14-15). Entry blanks will be distributed at all local grade schools. Boyd Prater, Granite City postal clerk, is chairman of the jamboree.

Mile relay—1, Dupo, 2, Highland, 3,47.7.

First baseman Nippy Jones grounded into 25 double plays, a team record, for the St. Louis Cardinals in 1948.  
Pearla Central won the first Illinois state high school basketball title, beating Rock Island 48-29 in 1958.

Those two victories accounted for 10 points, with Steve Parkpole added three more in the two halves.  
Madison, coached by Glen Hocking, is scheduled to take on Highland and Roxana in another triangular Tuesday afternoon at Roxana.

The Tigers took seven firsts. The seniors are Jim Kahlenberger, who won the 440-yard and placed second in the high jump and broad jump, and Roger Yallowe, second in the 440.  
Dupo junior Jack Hasty was the only double winner, taking the 880 and mile. He edged out his brother, freshman Stanley Hasty, in the latter event.  
Lester White figured in both first places for Madison. He won the 100-yard dash and ran on the 880-yard relay team with Kish Kouch, Ron Burt and Steve Washenko.

Floral and shabby artists from St. Louis, working under the direction of William Lier, are busy this week planting a large number of shrubs, flowers and hardy trees throughout the grounds surrounding St. Elizabeth's Hospital, with the idea of making the grounds one of the most perfect convalescence centers surrounding any hospital in Illinois. About 125 different kinds of shrubs and trees are being used.

Namook township winners were Henry C. Hecht, town clerk; William Wetzel, assessor; Charles Heinenmann, collector; John Scarrett was elected town clerk; Joseph Kirk, assessor; Thomas F. Leyden, collector; F. Kraus, assessor; and Robert Schmidt, school trustee.

The result of the poll tax proposition is unknown. It is believed Namook township voted to abolish it, while Venice township voted against abolishing the tax.

**VIEW OF CANDIDATE ON SCHOOL ELECTION**  
To the Editor:  
It is high time that the voting public started electing school board candidates who possess practical knowledge of all segments of our school system. Pressure groups of political parties and organized labor factions should be abolished from control of our educational system.

I believe in the free enterprise system and in the right to speak out the best interest of the taxpayer, public, backbone of the free enterprise system.

By placing our problems in the hands of competent administrators, we create a more healthy tax structure and lighten the burden of wasteful expenditures. But how? Let us problems will never be eliminated; we must furnish the funds.

## Early End To The Strike — For The Students' Sake

With the Granite City school strike in its fourth day today, disrupting the education of more than 13,000 children, it is imperative that the schools be restored to normal operation. What is best for the students must be placed ahead of every other consideration.

As yesterday dawned after a nearly all-night bargaining session, custodial and maintenance pay talks which began last year still had not progressed close to a settlement. It was no surprise to either side or to the public that remedial action of some type was sought. The injunction request appeared to school officials to be the best procedure.

Efforts to operate the schools had encountered many difficulties during the week, highlights by yesterday's cold wave, but the attempt to conduct classes was regarded as necessary in order to meet state school requirements. Fortunately, pupil conduct was good and 140 teachers did their best to provide instruction for as many of the 13,000 youngsters as possible. In living up to the highest tradition of their profession, these teachers simultaneously met their contractual obligations with the school board.

Regardless of how the resort to court action may be viewed by parents and taxpayers, it is worthy of note that the seven citizens serving on the school board are representatives of the public, they are charged with the basic responsibility of operating the schools and providing education. They are close to the situation, having spent many hours studying school needs and finances, and concluded that there could be no further delay in ending the strike. The strikers felt equally sure that their own position was justified.

That the school board members are convinced beyond any doubt that the financial condition of the district is much more serious than generally recognized is shown by their avoidance of the easy way out to the pay request. They have stood their ground under intense pressure, while remaining receptive to any serious bargaining efforts.

No matter who is right or wrong, the schools must operate. Negotiations can continue without a continuation of the strike.

## National School Bargaining Tactic Is Creating False Image Of GC District

# GOVERNOR KERNER REPORTS

**VOTERS SET CALIBER OF PUBLIC OFFICIALS**  
Thousands of Illinois voters will go to the polls next Tuesday in the primary, with an important task of picking Democratic and Republican candidates for the November election.

A primary might be considered the first installment on an important four-year investment. As such, it deserves the same careful attention that we give the purchase of a new car or a new home.

History has shown that if we demand less than the best, we get less than the best. As voters, we have the duty to demand the best.

We are all familiar with the "get out the vote" drives around election time. It drives which serve a significant and worthwhile purpose by reminding Americans of their basic rights and responsibilities.

Too many persons, however, will ignore the message of adding that it does not matter how they vote, just so they do. It does matter. Careful and intelligent voting can make the difference between

good and bad government, between honest and dishonest officials, between efficient and inefficient administration. There is nothing more discouraging to conscientious public officials than to hear the too-common statement that runs something like this: "It doesn't make any difference who I vote for. These politicians are all alike. They are not all alike, no more than all salesmen are alike, or all sailors are alike, or all singers are alike. When a person makes that kind of statement, it just means he has not gone to the trouble of finding out the difference."

As William Penn once said: "Governments rather depend upon men than men upon governments. Let men be good and the government cannot be bad; though good laws do well, good men do better; for good laws may lack good men and be abolished by ill men. But good men will make good laws, and no law suffer ill men's."

These good informed public officials, who are good law-abiding citizens, I hope this includes each of you.

## SAFEGUARD YOUR HEALTH

**A PUBLIC SERVICE OF THE ILLINOIS STATE MEDICAL SOCIETY**  
**GET CHILDREN IMMUNIZED AGAINST MEASLES—NOW**

Parents, beware! Measles epidemic season is here again. Like most parents, you may regard this common childhood affliction as "harmless," but it can be a deadly disease. Measles is the deadliest killer of all infectious diseases.

The danger from measles is that it increases susceptibility to such complications as pneumonia, strep infections and influenza. Perhaps the most dangerous complication is brain inflammation, which may occur three to four weeks after the appearance of the rash and which can in many instances, destroy a child's mental health.

Measles also seems to nullify natural resistance to tuberculosis and, for that reason, is especially dangerous in tuberculous children.

Fortunately, these terrifying threats to your child's life can be easily eliminated—with measles vaccine.

**Two Varieties**  
Your doctor now has two measles vaccines—"live" and "killed"—which he may use in three ways to protect your child from outbreaks of measles. He may use either type by itself or in combination as the so-called "mixed" vaccine.

Which type of measles vaccination is right for your child? This decision should be made only by your physician, who probably will base his decision on the following considerations:

"Live" vaccine induces immunity in a single dose, is 95% to 100% effective and protects your child for long periods of time—perhaps three or four years or longer.

Recently, more and more physicians are using a "mixed" vaccine, which contains both "live" and "killed" types for maintaining maximum immunity with minimum side effects.

Whichever type of vaccination your physician decides is right for your child, it is safe—and effective. So don't take a chance during the current spring epidemic season. If your child is not vaccinated, he is in danger of contracting measles, which has not had measles, protect him with measles immunization—NOW.

## All Will Be Courts Of Record

(Last of a series of questions on the new court system, with answers by Circuit Judge J. Q. W. Moore Jr.)  
**Q. WHAT COURTS WILL BE COURTS OF RECORD?**

A. All courts, including magistrates, will be courts of record. This means the proceedings will be recorded, unless this is waived. This may be by court reporter or tape recorder. This was not needed in the old justice courts.

Generally, the use of all judges and magistrates full time, instead of part-time as was before. (2) flexible assignments; (3) administrative power to direct scheduling; (4) trial of cases by a judge or a jury; (5) use of outside judges from area areas.

In Madison County, major cases will be fairly current in circuit, city, county and probate courts, and some justice or police courts will be retained. These techniques will enable these courts to keep current on heavy caseloads.

For instance, using as many as four and five major judges at a time under the new consolidation court, there were five major cases (including a two-week trial) pending in the circuit court, city, county and probate courts, and some justice or police courts will be retained. These techniques will enable these courts to keep current on heavy caseloads.

**Final Distribution**  
**Q. WHO GETS FINES AND COSTS NOW?**  
A. Generally, there is no change in this. The county, having one circuit judge, gets all the costs.

A municipality gets the fines in cases of (1) city ordinances, (2) traffic violations, (3) violations of state traffic violations within a city, if arrested by city authorities, prosecuted by the city.

A township gets the fines in state traffic violations outside a city, if arrested by a township sheriff or on a township road. A county gets state traffic fines outside a municipality, if arrested by the county (and not on township roads); except truck overweights, fines, which go to the county.

A county gets fines for state traffic violations within a city.

**\$57,146 MFT For County**  
The county's major caseload, fuel tax allocation, for March amounts to \$57,146, it was announced at a meeting of the Board of Supervisors. A total of \$2,785,407 has been allocated for all counties.

**Sidewalk Repairs**  
**Ordered By Council**  
Repairs to a defective sidewalk at 2137 Pontoon road were ordered by the city council members after it was reported by Alderman Ford Jones that a lowboy had severely injured in a fall while riding a bicycle to school last Tuesday.

The street department was instructed to make the repairs. Alderman Ford Jones, Joseph Barry, seven, suffered fractures to his left hand and several of his teeth were broken, one of them being a front tooth. The boy is a son of Mr. and Mrs. Michael H. Barry, 1713 E. 10th street, who received emergency treatment at St. Elizabeth Hospital.

## Appraisals To Be Made Of City-Owned Lots

Appraisals of individual lots in the city's postwar gunset hut area in Lincoln Place was ordered Monday night by Granite City council members to prepare for possible sale to individuals whose homes are to be moved to make way for Federal Aid Route 151, also known as the riverfront road on Granite City Expressway.

The city is hoping to be able to give the 46 families in West Granite and Lincoln Place to be displaced by the new highway a first chance to buy the lots. The new roadway is to parallel the Army Depot fence after cutting through the west portion of West Granite.

The council ordered the employment of two appraisers to set the value of the lots.

## Rochester Elected DeMolay Councilor

Terry Rochester was elected master councilor of the Granite City Chapter, Order of DeMolay, for the second term of 1964. The election was held Tuesday evening at the Masonic Temple. He is the son of Mrs. Martha Rochester and the late Harold Rochester, 2026 Madison avenue, and is a junior at the high school.

Others elected were William Henley, senior councilor; James Rucker, junior councilor; David Cook, chaplain; Michael Hogan, treasurer, and Marvin Fitzgerald, scribe. A public installation ceremony will be held April 21 at the Masonic Temple.

## Address in Error

Emmett Harry, 2641 East 24th street, advised the Press-Record his address was given for one of the young girls injured Sunday in a traffic crash fatal to a 16-year-old boy. The correct address for Mary Niepert is 2641 East 28th street.

## Community Concert Event

## Colorful Setting Planned For 'Fiesta of Music'

An "on the waterfront" theme will be used for the decorations in a cabaret setting for the Granite City Community Concert Association's "Fiesta of Music" on April 27.

The musical program is open to all Community Concert ticket holders for the current 1963-64 season as a bonus performance, and anyone purchasing 1964-65 season tickets also may attend.

The fiesta is to kick off the 1964-65 membership campaign, and a drive headquarters under the supervision of Mrs. Terry Francis will be opened that day in the lobby of the YMCA. This year's goal is for 1,000 memberships, and emphasis is being placed on the selection of a popular pianist, Carmen Cavallaro, as one of the artists for the 1964-65 season.

Mrs. John E. Lee, president of the concert association, said any new members also are invited to the final concert of the current season, the appearance of pianist Philippe Entremont on May 5 at Granite City high school auditorium.

The April 27 Fiesta of Music is to provide a variety of musical entertainment for the concert association members and will include three selections by the White Ballet of East St. Louis, vocal selections by Mrs. Kitty Kulekampi and Richard Rudi, selections by R. D. Todoroff's Granite City Latin American Rhythmic Ensemble and piano solos by Mrs. Marjorie Ellsworth.

Eugene Alassi, director of art for the Granite City school system, who also is in charge of decorations for the fiesta and of special promotions for the membership campaign, pointed out the special program "is an added dividend for the present Community Concert Association ticket holders and also for anyone

signing in advance for the 1964-65 season. Any Quad-Cityans wishing to join the association in advance of the April 27 fiesta may contact any of the officers including Mrs. Lee and Mrs. Francis.

## Madison Candidate Picks Venice School

Rev. Oscar Ehrhage, a Madison school board candidate, picked the Venice public school along Broadway and Seventh street from 3:40 to 3:50 a.m. yesterday.

He and Mrs. Jettie Thornton and Mrs. Luzlet Wooten carried Congress of Racial Equality signs opposing dismissal of 11 Lincoln teachers, in connection with possible closing of Lincoln high school next fall.

## RC Cola Sales Climb Expected To Continue

Royal Crown Cola Co. directors in their annual meeting Monday at Chicago heard President W. H. Glenn predict a 1964 sales increase of 15%, with a 20% gain in earnings after taxes.

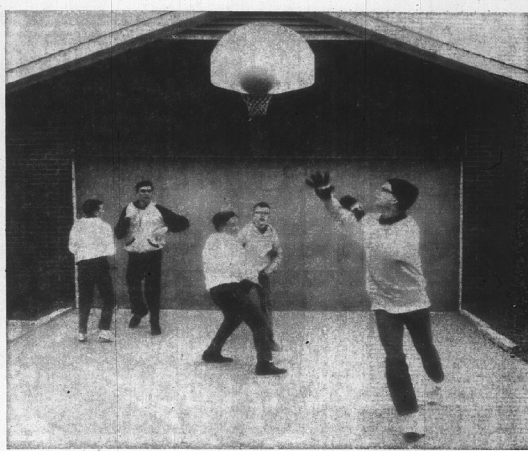

Each of the first three months of 1964 set sales records, bringing to 30 the number of consecutive monthly gains. He said Diet-Rite Cola has an overwhelming share of the national dietary soft drink market. RC Cola operates a canning and soft drink concentrate plant in Granite City.

## Confer On Anchorage

Communications with the Public Housing Administration regional office in Chicago on construction specifications and cost estimates occupied the Granite City Housing Authority board during a monthly meeting Tuesday night. Chairman Walter Pfaff presided. The data relates to a second 100 Anchorage apartments for the elderly to be erected by the federal government and operated by the local housing authority.

## Battery Stolen From Car

A 12-volt battery was stolen from a 1959 auto after midnight. It was reported to Granite City police at 7:50 a.m. Wednesday. The owner of the car was not located on the report.

**JUST PASSING TIME.** Boys of Granite City high school and Coalidge and Central junior high schools played backyard basketball yesterday during idle hours while the schools are closed by low temperatures and the school employees' strike. Left to right are—John Wittenborn, brothers Keith and Dennis Campbell and brothers Douglas and William E. Winter. Although ball appears to be entering hoop, the ball is actually being passed toward the camera after a rebound under the basket. The game took place at the Winter boys' residence, 34 River drive.

## Two Men Fined, One Gets 3-Day Jail Term

Two men were fined and one of them received a three-day jail sentence upon pleading guilty before Magistrate Gaspareo Wednesday. The defendants were arrested March 29 by Granite City police.

Howard Thebeau, 21, of 1222 Iowa street, Madison, pleaded guilty to a charge of driving without a license. He was fined \$25 and costs and is to spend the next three Saturdays in the city jail.

Ernie Verbe, 19, of 812 Iowa street, pleaded guilty to three charges of littering the street with beer bottles, \$25 and costs for permitting an unauthorized person to drive his car and \$10 and costs for intoxication, a total of \$100, including costs.

## Undergoing Treatment For Knee Injury

George E. Moore Jr., has been readmitted to the Student Health Clinic at the University of Missouri to undergo treatment of an inflamed left knee. The injury was incurred some time ago and two weeks ago he underwent surgery for the removal of the cartilage in the knee.

A son of Mr. and Mrs. George Moore sr., 1929 St. Clair Avenue, the former GCHS cage star is a freshman student at the University of Missouri.

## Stolen MO Warning

The Associated Retailers is advising merchants to be on the lookout for U. S. Postal Money orders, numbered 7-700-383-006 to 499, reported stolen recently at a Springfield post office. The money orders may be made out in any amount up to \$100.

## Laux Guest Speaker For GC Rotary Club

France Laux, co-manager of Tri-Mor Bowl, related stories about Dizzy Dean and his own sports broadcasting and high school football coaching days for Granite City Rotary Club members.

Laux told the Tuesday luncheon group that Dean's antics as a Cardinal player and also as a broadcaster were unpredictable. James Louis, club president, reported that he has been urged to make a bid for the 1966 Rotary district conference to be held in the Quad-Cities or Edwardsville. The bid will be made at this year's conference later this month at Peoria. The move is supported by the Madison and Edwardsville Rotary clubs.

## GC Council Opposes Mayor's 30-Day Engineer Appointee

Mayor Davis made his third 30-day appointment of David J. Johnston, East St. Louis, to the post of city engineer at Monday night's council session. He requested the appointment letter be placed on file and while the council voted down his motion, the mayor shrugged his shoulders and said, "That's it."

An objector, Alderman Charles W. Moerlen, said he knows Johnston to be a competent engineer, but he could see no reason to sanction the appointment since the council never has set a salary for city engineer. Johnston previously held the post of consulting engineer. Nine aldermen opposed filing the letter and seven supported the mayor's appointment.

The council's special commission to select a city engineer and a motor fuel tax project engineer made no recommendations. Chairman G. H. Sternberg said a report would be submitted at the April 20 session for motor fuel tax engineer and that at least four of the six applicants still are under consideration.

Our Illinois Municipal League advertisement for a city engineer as yet, and we will seek other means to get applicants," Sternberg said.

Several times during Monday night's meeting the need for city engineer services were brought out. No payments for such services have been made to Johnston since he resigned the consulting engineer post in January.

**Woodlawn Project Pending**

However, Johnston and his resident staff member, A. B. Pearson, are continuing work for the city and it was brought out the MFT project for Woodlawn avenue should be ready for bids within a short time. It was withdrawn from the state highway department to revise drainage lines to conform to planned improvement of Maryville road and a joint city-county project for 1965.

Alderman Ford Johnson had called for the report on Woodlawn avenue and also asked the Street and Alley committee to find solutions to drainage problems now in existence along Maryville road and also at the dip in the north-south section of Johnson road, which has been a problem for years.

Sternberg said progress was being made, but now the services of an engineer are needed. The Street committee also was asked to survey and find solutions for other drainage problems that were highlighted during the weekend's rains.

Alderman William McGee said the developer failed to provide an outlet for surface water in the vicinity of Villa drive and Willow avenue and a lake forms with each rain. He said the water flows into basements and at one house on Willow avenue the basement floor buckled, raising supports and also buckling the first floor by nearly two feet. He called upon the city attorney to advise the developer, Henry Ross, of the city's subdivision control ordinance sections pertaining to drainage and to begin legal proceedings if necessary.

Similar pools of water in the vicinity of Wayne and Aubrey avenues along the utility easement were reported by Alderman Casner Skubish.

**Problems With Easements**

Easement problems in Linden Park Estates subdivision were brought out by Alderman Sternberg, who said the property owners have been changing grade levels of their lots and blocking the drainage system along utility easements.

The developer, Leo Wolf, has been unable to do anything about it, even though he has asked him to restore the easement to provide drainage." He asked City Atty. Elford to notify the individual property owners involved of the city's authority to have the developer provide adequate drainage in subdivisions.

Another easement problem along Aubrey avenue was emphasized by Supt. of Streets William Warfield, who said the city was called to open a sewer line and had to obtain permission from property owners to move in his equipment. The easement is only five feet wider he said, and the manhole off the easement on private property.

"The lady was nice and permitted us to go on her property, but we have the problem relating to manholes on the narrow easements and with the manholes being off the easement. We're now in a program to raise manholes so storm water will not flow into the sanitary sewer lines, and these narrow easements and off-easement manholes can cause us trouble if the property owners object," Warfield explained.

He asked the council what steps he should take if a property owner refused to give him permission. The problem was referred to the city attorney.

Sternberg reported the contractor for the Imperial 400 Motel at Niedringhaus avenue and Benton street plans to replace sidewalk and curbs along Niedringhaus avenue to install new driveways and also to install a sidewalk along Benton street. Permission was granted.

The Street committee chairman advised the council his committee would handle any Aldermanic complaints concerning improper repairs to street excavations made by utility firms.

## Venice Township Road Plans Told

Road improvement plans 1964-65 were announced Tuesday afternoon by Highway Commissioner E. Kimack. Tuesday afternoon the annual Venice town meeting during which electors approved township budgets totaling \$250, down \$19,594, and taxes totaling \$125.84, down \$487.

Grading, ditching, oil chips are slated for Hill, H. Terry, Booker, Ross and Allen streets at Eagle Acres and a mile of Chouinard road, and grading, ditching and seal coating are scheduled for Benjamin Franklin road. The work on Chouinard road will involve oil chips and chips will be patched.

An asphalt coating and repaving project is planned for a mile-and-a-half of Rock road following grading.

Weeds will be cut along roads about four times a year. Snow will be removed from roads during winter and rock salt will be applied at intersections during icy weather, Kimack reported.

Appointment of the township attorney was delegated to supervisor Arthur W. Moore. Approval of the board at its April 22 meeting, Moore was named to prepare next budget. C. Edmund O'Brien, who has been serving as township clerk since 1957, was again served as moderator.

Tax levies voted were \$1 per \$100 for general maintenance, \$21.450 for the fund \$5500 for the retirement fund. Last year, the levy was \$23,200 for roads, \$137,210 for general assistance, \$27,141 for the town fund and \$3020 for retirement fund.

No changes were made adopting the budgets tentatively announced a month ago. They are \$28,200 for roads, \$140,000 for general assistance, up \$9610 to \$42,900 for the town fund, down \$3870 to \$3530 for the retirement fund.

### 4-H CLUB DECIDES ON PLANETARIUM VISIT

A regular monthly meeting of the Sand Prairie 4-H club was held Monday evening at the Sacred Heart school. After a brief business meeting, demonstrations were given by Kathy Henrich, Carol Fleck, Cathy Rotter, Susan Hoelter and Rene Holland.

The girls also decided upon a group trip which will be taken this summer. After a unanimous vote, it was decided to visit the Planetarium in St. Louis.

Refreshments were served to the group by Kathy Sander and Marie Seibert. The prize for the evening was won by Jean Smolar.

Those present included Marlin Barnett, Carol Ann Briggs, Carol Fleck, Susan and Sandra Lucido, Margaret Ward, Jean Gabriel and the leaders, Madames Ruth Ann Rotter and Rosalie Hoelter. The next meeting will be May 4 at the school.

### BRIDGE CLUB HOLDS MASTER POINT DAY

A weekly meeting of the Granite City Duplicate Bridge club was held Monday afternoon at the Rose Bowl. Mrs. Sam Meyer, director, presided at the gathering.

At the end of the day, which was Master Point Day, the winners were as follows: first place, Mrs. Harold Caldwell and Mrs. Charles Blum; second, Mrs. Charles Sowell and Mrs. Randall Collins; third, Mrs. George England and Mrs. Iby Todd; and fourth place, Mrs. Elizabeth Tiller and Mrs. Gloria Elmer and Mrs. George Morgan and Mrs. Lucian Dressler sr.

A luncheon was served to the group during the games. The public is being invited to attend every Monday at the Rose Bowl beginning at 10:15 a.m. or to attend Evening Bridge club meetings each Wednesday at the YMCA at 7:30.

Miss Carol Koglin, 13, daughter of Mr. and Mrs. Larry Koglin, 2334 Waterman avenue, is a patient at the Shriners hospital, where she underwent surgery on the right ankle and will remain for two weeks.

The patient, a seventh grade student at Coolidge junior high school, will remain at her home following release from the hospital for an indefinite period of time.

## Shower Honors Miss Linda West

Miss Linda West, who will be a spring bride, was guest of honor Tuesday evening at a miscellaneous shower given by Mrs. Marguerite Beger, Mrs. Rosita Cox, Mrs. Marge Baker and Miss Linda Emerson at the Cox home, 5109 Rapp road.

Pink and white were the colors used in the appointments and a shower umbrella centered the gift table.

Games were played and prizes were won by Mrs. Virginia Dager, Mrs. Joanna Swains and Mrs. Cox.

Others present to whom refreshments were served were Mrs. Fred Eger, mother of the prospective bridegroom, Mesdames Ava Arnold, Jackie Garin, Mildred Garin, Kay Withers, Beatrice Withers, Lila Scott, Elsie Hooper, Kay Harris, Rose Lake, June Emerson, Doris Sanders, Marguerite Collier, Susan Hardin, Pauline Hatley, and Misses Jacquelyn Lake, Phyllis Polley, Debbie Withers and Elaine Scott.

Miss West will become the bride of Ray Bevil May 16.

**VACATION IN FLORIDA**  
Mr. and Mrs. Stephen Gargue and daughter, Audrey, 4560 Edwardsville road, have returned from a vacation of ten days in Florida. They visited their son, toured the Smoky Mountains.

ELKETTES OFFICERS installed Tuesday evening. Front row, left to right—Mildred Jungels, secretary; Edith Ryan, president; Bess Weiss, vice-president; Vivian Hillen, treasurer.

urer. Standing—Jewell Frizzell, trustee; Helen Todd, guard; Catherine Michel, trustee; Helen Todoroff, trustee; Hulda Davis, chaplain.

## Parents Meet At St. Mark's

The April meeting of St. Mark's Parents and Friends Association was held Monday evening with the president, Mrs. Evelyn Tolliver, conducting the business session. Plans were discussed for a social to be held April 26.

The nominating committee gave a report, and election of officers will be held at the May meeting. A discussion was held on the graduation breakfast to be held May 31, with Mrs. Eva Maurer and Mrs. Barbara Hadley as co-chairmen.

Plans were discussed for the school picnic to be held on May 17, and those on the committee are Mr. and Mrs. Charles Bilbrey, Mr. and Mrs. Fred Durer and Mr. and Mrs. Jack Tolliver. The group also revised its constitution.

Refreshments were served by the hostesses, Mesdames Tillie McCarehan, Barbara Burgover, Lucille Foley, Mary Simmons and Florence Durer.

Plans were discussed for the annual mother-daughter pot luck banquet May 5 at the church.

Linda Koser gave a demonstration on pie crusts and the girls practiced a play for "share the fun" night next Thursday at Highland. The girls will help with oral polio vaccine May 3, as they did in March.

## Metal Platers Warning

Issued by Local BBB

The Better Business Bureau division of Tri-Cities Chamber of Commerce is advising Quad-Cityans of a questionable operation by two men passing themselves off as a metal plating service. The pair, believed to be operating a light blue auto with Texas license plates or a dark color.

blue auto with Illinois license plates, has been approaching financial establishments and hospitals.

They want to replace candlesticks, religious objects and brass or copper metal items. It was noted they paid cash for only two weeks to a telephone answering service, and caution is urged in any business transaction.

### Head Of AFT To Speak At Madison Teacher Fete

Madison Federation of Teachers Local 763 will hold its 21st anniversary buffet banquet at 6:20 p.m. Saturday in the Madison high school cafeteria.

Principal speaker will be Carl J. Megel, Chicago, president of the AFL-CIO American Federation of Teachers.

Mrs. Addie L. Darden, local president, said special guests will include Mayor Stephen Maerz, Wessel Brown, superintendent of schools, and members of the Madison board of education.

Megel, a veteran classroom science teacher on leave from a Chicago high school, and an authority on school issues, is presently serving his 12th year as AFT president.

He has been a member of the U.S. delegation on UNESCO, is a member of the education committee of the AFL-CIO and was a delegate to the last White House Conference on Education and to the White House Conference on Children and Youth.

He was a delegate last October to the convention of the International Federation of Free Teachers Unions in Geneva, Switzerland, and was U.S. representative to the 1963 International Labor Organization conference of experts on social and economic conditions of teachers in primary and secondary schools.

**Musical Instruments Taken**

Two trombones with cases and a tenor drum with case were taken by a burglar Monday night at the Dunbar school annex, Jackson and West Third streets, Madison, a custodian discovered at 6:45 a.m. Tuesday. A screen was cut and a window was broken to enter the building.

Mexican jumping beans are not beans.

**Theft From Doctor's Office**

While Dr. Jacob Schermer, 1916a Delmar avenue, was out to lunch between 12:05 and 12:20 p.m. Monday, a thief stole \$35 from a desk drawer in his private office, it was reported at 1:30 p.m. Tuesday. There was no sign of forced entry.

### Defense Center To Be Commanded By Frank Mercer

Air Force Col. Franklin Mercer of Granite City will take command of the Defense Logistics Services Center (DLSC) in Battle Creek, Mich., in early July, it was announced this week.

Col. Mercer has been deputy commander of the Battle Creek center, a major field organization of the Defense Supply Agency, since February 1963.

He is the son of the late Mr. and Mrs. Ed Mercer of Granite City, and his wife, the former Genevieve Flan of Granite City, is the daughter of Frank Flan, a long-time former Granite City resident. He is a partner in the Mercer Funeral Home here.

Col. Mercer will relieve Col. Charles C. Case, who has commanded DLSC since May 1962. Col. Case, whose nomination for promotion to the rank of brigadier general recently was approved by the U.S. Senate, will report Aug. 1 in Heidelberg, Germany, for an assignment at Headquarters U.S. Army, Europe.

**Col. Mercer's Duties**

In moving up to DLSC's top spot, Col. Mercer not only will take over management of the federal government's cataloging system, but also will assume primary responsibility for coordinating the Defense Department's material utilization program and conducting its surplus sales program.

Continuous improvement of material utilization within the Armed Forces is a key objective of Defense Secretary Robert S. McNamara's current cost reduction drive.

Col. Mercer was ordered to DLSC from San Antonio, Tex., where he was director of supply and transportation for the San Antonio Air Materiel Area at Kelly Air Force Base.

Commissioned in 1935, Col. Mercer was a reserve lieutenant when he was graduated from the University of Illinois in 1935. Col. Mercer began his active duty service in January 1941. He has spent his entire military career in Air Force supply, including one five-year tour in the supply directorate of Headquarters Air Force Base in Dayton, Ohio.

Col. Mercer was ordered to active duty as a supply officer with the 12th Observation Squadron of the 1st Armored Division at Ft. Knox, Ky., and served there as executive officer of Defense Secretary Robert S. McNamara's current cost reduction drive.

After five years away from the Air Force, he was recalled to active duty in March 1951 and was named director of supply at the Newfoundland Air Force General Depot, where he served until August 1953, when he was ordered to the Air Materiel Area at Dayton, Ohio.

Public Aid Director Harold O. Swank, in a report to Gov. Otto Kerner last week, said that the expansion of educational and training programs in the downstate counties in recent months has added substantially to the number of persons who are being helped in their efforts to return to self-supporting status.

In April 1960, Col. Mercer was ordered to a year's duty in Korea as deputy for material in the 31st Air Division. He also served as Air Force materiel advisor to the Korean United Nations Command. He was shifted from Korea to the San Antonio Air Materiel Area in April 1961.

Col. and Mrs. Mercer, with their sons, Daniel and Michael, now live at Battle Creek. Their oldest son, Frank, is a navigator with the Air Force unit in Japan.

They also have two married daughters, Mrs. Patrick (Sue) Drowett and Mrs. Bart (Carol) Yaeger.

\$2500 For .363 Acres

## City Oks Purchase Of Tract For West Granite Fire House

An ordinance authorizing purchase of a .363-acre tract for the new West Granite fire station at Madison and Maryville roads was unanimously Monday night by Granite City council members. Alderman Ford Johnson, chairman of the Fire and Water committee, said the design of the station building should be approved for council approval at the April 20 session.

The tract along Rock road is to be purchased from the Beckman estate, and the present fire house at Rock road and Cayuga street is to be abandoned. The new building is to provide larger quarters for the firemen and equipment. Referred to the Fire and Water committee for recommendation was a request from the City-State Development Agency for the city to furnish fire protection at its warehouse and docks at the Chain of Rocks canal harbor. The agency is planning to install fire hydrants in the area. Alderman Donald Partney suggested the agency might request annexation to the city.

### Call For Action

Also adopted was a resolution calling for immediate action for either repairs or razing a dwelling at 2207 Benton street, where a group of young boys and girls was arrested two weeks ago on conduct charges. They had entered the vacant house through a broken door.

The resolution points out the structure is a fire and safety hazard and no attempts have been made recently for its maintenance or repair. Alderman Donald Partney said there are at least 56 other buildings in the city in need of being razed. Atty. George F. Fick, Jr. replied he has been unable to get additional help in order to carry out the condemnations but would work on the Benton street house because of the recent incident.

Referred to the council's Planning committee and the City

Plan Commission was an annexation petition from West Side Church of Christ which has a tract of \$2500 was approved. The request was submitted by Patricia Leatherman, church secretary.

The Planning committee also is to study a request by John and Rosemary Kampmann to operate the second hand store in a building they own at 1803 Edison avenue. In a letter to the council, the couple said all purchase and sale records would be kept open for police inspection.

A report was received from the engineering firm of Shepard, Morgan & Schwaab concerning sewer and lift station capacity in the vicinity of Pontoon Plaza development. The council had questioned the sewer capacities in the annexation of additional acreage for the subdivision.

The firm said all of the lift stations and the sewer lines can handle the added load and more. The lift stations include those at Madison and Maryville roads, Terrace lane and Fehling road.

### VFW Poppy Day

Approval was given for Veterans of Foreign Wars Post 1304 and Auxiliary to conduct Poppy Days in Granite City May 22-23. In a letter of request, Mrs. Shirley Leisner, auxiliary chairman, said the poppies are made by disabled veterans and the revenue is used for their benefit.

Placed on file was a letter from the state highway department requesting refunds for overpayment for arterial street improvement materials and salaries in 1962 and 1963. The amount totals \$5320.

Mrs. Gabrielle Betine, chairman of the Legislative committee, told the council she has advised the mayor is required to vote in the event of a tie or if there is a vote in which the majority vote numbers half of the elected council. The council had been under the impression that this law had been changed by the state legislature. Fick also reported the city would have to take up the medical bills for Leslie Nash, injured parking on the wrong side of a fireman, as they are submitted, Madison street Monday.

## Man Toots, Sleeps, But Not Neighbors

A man tooting his own horn was able to sleep through it, but he kept the neighbors awake.

Police were called at 11:55 p.m. Monday to the alley at the rear of 2208 Washington avenue on a report of a honking car horn.

Officers found that a man sleeping in the car had his foot on the horn. They aroused him and advised him to keep his foot off the horn.

## Former GC Druggist, Henry O'Neil, 70, Dies

Henry Duncan O'Neil, 70, of Alexandria, Va., a former Granite City druggist, died Tuesday morning in an Alexandria nursing home where he had been a patient for two weeks. Before going to the nursing home, Mr. O'Neil was a patient in a hospital at Alexandria for four months after suffering a stroke. A Granite City resident until seven years ago, Mr. O'Neil formerly owned a drug store at 22nd and State streets. He was born in Girard, Ill.

He is survived by his wife, Irma Dillon O'Neil; a son, Robert, Arlington, Va.; three daughters, Mrs. Barbara Hartsock, Chevy Chase, Md., and Mrs. Mary Beatrice Weissenborn and Mrs. Sharon Hamlin, both of Alexandria, and eight grandchildren.

Services for Mr. O'Neil will be held tomorrow morning at St. Rita's Catholic Church, Alexandria.

## Mitchell Student Chosen For School Patrol Trip

Gaynell Stidham, a member of ritary in 35 years where the patrol has been on duty. Mitchell school, has been chosen to represent the Granite City school district at the 28th annual National School Safety Patrol Parade on May 9 in Washington, D.C., according to H. Sam Priest, president of the AAA Automobile Club, Illinois division.

She is the 11-year-old daughter of Mr. and Mrs. George Stidham, 153 Troekler lane, and \$3,000 schools in every state. The patrol delegation will meet in St. Louis on May 6 to board a chartered bus for the trip. The next day the group will meet their local congressmen at a breakfast and then tour the Capitol building. Then they will view points of interest in and around Washington.

The trip is a reward to outstanding local patrol members for service in safeguarding the lives of their classmates at school crossings, Priest said. He added that there has been only one child killed in the club territory since the club was organized.

## CHEVELLE by Chevrolet

## It's got young ideas about size, style and power

It's fun to drive a car with young ideas. Even more enjoyable when it's a Chevelle, built by Chevrolet. Because then you're driving a car with youthful styling and frisky performance plus the features that make Chevelles so practical to own.

Chevelle's sociable size makes it especially appealing. It's shorter than big cars, so it's easy to handle and park. But that's hard to tell from the inside, because there's so much comfortable room for people and so much luggage space.

Apart from its bold, exciting lines and luxurious interior, Chevelle will climb a hill or pass on the

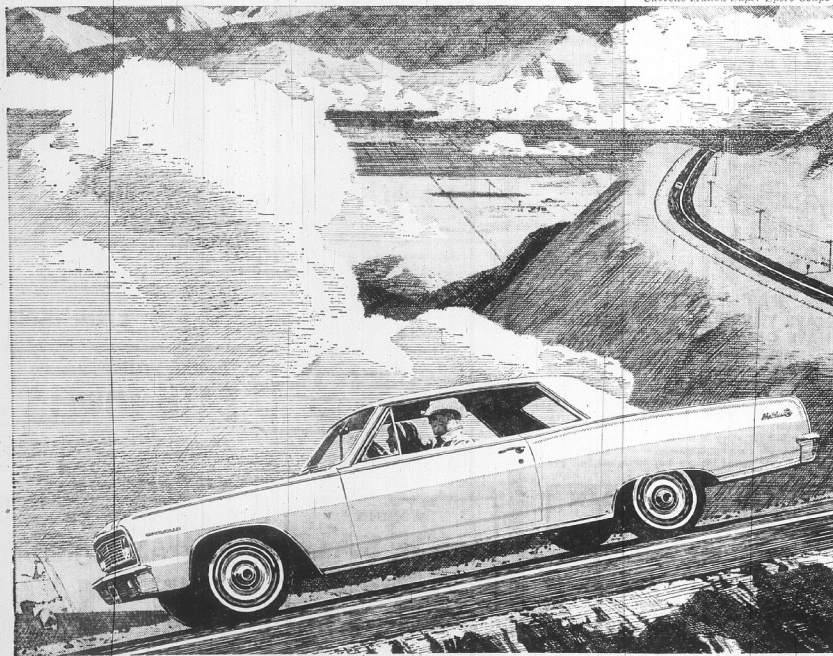

FOR THE GREAT HIGHWAY PERFORMERS

highway with a wide margin of safety. A choice of engines makes sure of that.

Now's a wonderful time to get the most fun from a new Chevelle. Because springtime is Trade 'N' Travel Time at your Chevrolet dealer's. You can choose from eleven elegant Chevelles, including convertibles, wagons, sedans and Super Sport models.

Trade 'N' Travel Time is a great time to test drive one of these beautiful Chevelles. And if it gives you young ideas about how best to enjoy a vacation this year, don't be surprised. That's just another good reason for seeing your Chevrolet dealer now.

## Advice On College Given To High School Seniors

(This is the first in a series of four articles directed at high school students entering college next fall and their parents.)

High school seniors who rank in the top 25% of their classes have until Tuesday to take advantage of the first phase of the "progressive admission" program at the Urbana campus of the University of Illinois.

Under the program, applications for admission are considered only from the top group whose available facilities are not until Tuesday. Beginning next week, applications will be considered from the top 50% of university's capacities most effectively.

Eugene Oliver, associate dean of admissions and records, said applications from all other students will be considered after May 31.

**Best Students First**

Oliver said the progressive admission plan "provides for the consideration first of applications from students who are best qualified and thus most likely to succeed in their university work and remain until graduation."

"The plan was adopted here only from the top group whose available facilities are not until Tuesday. Beginning next week, applications will be considered from the top 50% of university's capacities most effectively."

Oliver advised students who want to enter college, but have not yet applied, to contact their high school counselor or principal immediately for help.

**Contact Counselor**

Oliver advised students who want to enter college, but have not yet applied, to contact their high school counselor or principal immediately for help.

If the student seeks to enter the U. of I., he should write the office of admissions and records for an application form. Seniors should submit their applications as soon as possible.

If the applications arrive before the period established by the progressive admission plan, Oliver said, "they will be kept on file until the appropriate period begins."

He said seniors would be notified if they are eligible for admission as soon as their applications are evaluated.

The next steps, after being accepted at the university, would be to submit a deposit, arrange for housing and plan for advance enrollment in the summer, Oliver said.

THE DEPENDABLES: SUCCESS CARS OF '64

We have designs to get you in our power

Our engineers are a wily group of guys who spend most of their time dreaming up ways to win your approval. Take the Dodge Polara 500. You'd be hard-pressed to find a car that's got more going for you. Deeply-padded, contour-formed bucket seats. All-vinyl upholstery. Silt-to-silt carpeting. Padded dash. Center console. And lots of other trimmings. But that's only the half of it.

Perhaps our approach to power will further illustrate the point.

With the Polara 500 you aren't baked in on a certain engine. You can choose from a standard 318 cu. in. V8 up to a street-version of our wallowing, all-out 426 cu. in. Ramcharger V8. Compromise? Nope. We just feel that a freedom of choice is the surest road to your approval.

That's our way of doing business—giving you lots of car and lots of satisfaction at a price that's hard to quarrel with.

Your Dodge Dealer will be glad to demonstrate the point.

## Youth Center Is Set Up At Alton State Hospital

A youth center has been established at Alton State Hospital to meet educational and rehabilitation needs of minors residing there temporarily.

Dr. Abraham Simon, hospital superintendent, said the new program is the first extensive effort on the part of the hospital to give youthful patients organized treatment and training.

The project embodies all of the services offered by the patient care departments but concentrates mainly on education and rehabilitation through group psychotherapy and activities.

## SWIU Debaters Rank Well in 65-Team Meet

A Southwestern Illinois University debate team composed of James Lavelle, Granite City, and James Morrison, East Alton, had an overall rating of good or better in a 21-state debate tournament last weekend at Louisville, Ky.

They competed against 65 colleges and universities, including West Point Military Academy, Boston College and Annapolis Naval Academy. It was the largest tournament of its type in the United States. It concluded SWIU's most successful debate season.

Other SWIU teams were composed of Steve Taylor of Alton and Paul Brown of St. Louis, and Roland Kuhn of Godfrey and Donald Wood of Edwardsville. Taylor was ranked among the top 10 debaters in his division.

## Five Prather Students To Compete In Math Day

Five students from Prather Junior high school are to participate in the seventh annual mathematics field day Saturday at Southern Illinois University at Carbondale.

They are Regina Hull, Margaret Caudle, Raymond Oliver, Reggie Teague and Larry Wadsworth. They will be accompanied by their teacher, David Painter.

Tests will be administered and scored by members of the SIU mathematics department faculty with awards given on the basis of individual and class performance. A special program is planned for the visiting students and their teachers. Students from 60 area high schools and junior high schools are registered.

## How to control giant foxtail in corn

Atrazine 80W herbicide has set a new standard for weed control on millions of acres of corn . . . by solving both general weed problems and the difficult problems posed by weeds like giant foxtail. Giant foxtail must be controlled or it takes over.

### Simple, effective control

Atrazine gives you a proved plan to use against this tough weed. An Atrazine spray followed by rotary hoeing or shallow cultivation can do the job.

### Spray very small foxtail

For best results spray Atrazine after planting, at the rate recommended for your soil type, just after the first flush of foxtail has emerged. Follow immediately with a rotary hoeing or shallow cultivation. This supplemental tillage is especially important on heavy clay or high organic soils. Under dry con-

ditions, giant foxtail may germinate rather deep in the soil. So it is important that the Atrazine be worked down into the soil moisture zone where the roots of the foxtail seedling are located.

### Details available

Ask your supplier about application rates for your soil type when you order Atrazine, or write Geigy. Plan to control giant foxtail this easy, effective way.

### Canal Tonnage In March Shows Large Increase

Freight passing through the Chain of Rock canal and locks in March was a half-million tons over the February total, and the tonnage for the first quarter of the year topped the same period in 1963 by more than 1 million tons.

The figures compiled by the U. S. Army Corps of Engineers for the Chain of Rock canal and locks for the first quarter of 1964 are: total tonnage of 1,495,830 tons, compared to 1,495,830 tons in February, in March 1963, the first quarter total of 5,976,755 tons for the first quarter of 1963.

During March, 3970 vessels went through the locks topping February with 3356 and March 1963 with 3747. Lockages numbered 705, compared to 611 in February and 619 in March 1963. The tonnage last month, going both upstream and downstream, followed, with the upstream figure listed first:

Petroleum products, 340,850 and 190,200 tons; grain, 4000 and 929,850; coal, 405,000 and none; miscellaneous commodities, 318,100 and 76,000; iron and steel, 18,400 and 68,400; and chemicals, 1,188,690 and 1,310,310.

Vessels using the locks last month included 728 commercial boats and towboats, 3161 barges, 23 U. S. contractor boats, 11 private, recreational boats, 17 government boats and towboats and 3444 government barges.

### Nameoki Board To Enforce 'No Dumping' Law

An effort to halt the dumping of trash and garbage at the east end of Horseshoe Lake is being made by the Nameoki town board members who Monday night ordered that "no dumping" signs be erected.

The town board last week called upon the sheriff's office for assistance in enforcing the township law which prohibits dumping of trash and garbage along roads. Persons caught throwing trash along the road may be penalized, the board stressed.

In other action, the board ordered the sheriff's office to obtain for erecting a vestibule at the entrance to the town hall building, and ordered preparation of a resolution presentation at Tuesday evening's town board meeting to proclaim April 15 as "good roads day" in accordance with a state program. The resolution praises the highway commissioner and staff for its maintenance of township roadways.

### Election Judges Need Social Security Numbers

Persons serving as election judges in the April 14 primary and in the fall general election will be required to have a social security account number, it was announced today by Ralph Brasher, district manager of the East St. Louis social security office.

The ruling applies to all judges serving in elections or referendums conducted by counties, cities, villages, townships, school districts and political subdivisions which participate in the American National Election Fund, or have entered into a coverage agreement with the Social Security Administration's State Employees' Retirement System of Illinois.

### U. Of I. To Give Course On Real Estate Law

## Traffic Controls At Schools And Industries Under Study

Traffic controls at two industrial plants and four school crossings are under study by Granite City council members who Monday night heard requests from General Steel Industries, American Steel Foundries and the mayor's committee on School Crossing Safety.

General Steel is proposing a new exit on the north end of its parking lot in the 1400 block along State street along with a larger main entrance-exit and new traffic signals to be in operation only at periods of time to be designated.

The firm pointed out that traffic along State street is increasing as well as more employee vehicles on the plant lot. Through the revisions it is hoped to reduce congestion. The request was referred to the Police and Street committees.

At American Steel, a flasher type light is proposed on Niedringhaus avenue at the plant's main entrance which is across the street from the parking lot. A traffic signal would not be a traffic signal would not be a traffic signal.

The committee also is asking the city to install two sets of electric signal lights along Pontoon road to serve St. Elizabeth's parochial school and Nameoki grade school. The signals would be in front of St. Elizabeth's and at Mitchell avenue for the Nameoki road crossing for the present portable signal lights be removed from service and adult crossing guards employed until the permanent type signals can be installed.

Another recommendation was made for relocation of the Nameoki road crossing for Marshall school children from Pershing avenue to Victory drive. The school is protected by an adult guard.

## Area's Birthrate, Deathrate Down

The Quad-Cities birthrate continued its decline for the fourth consecutive month with only 74 new babies born here during March. The steady decline is from 103 births recorded in December, dropping to 101 in January and to 87 in February.

For the first quarter of the year, births have numbered 262, compared to 277 for the same period in 1963. In 1963, the births were 110 in January, 80 in February and 87 in March.

The deathrate also has declined for the first quarter, totaling 100 this year, compared to 128 for the same three-month period in 1963.

This year's deathrate includes 40 in January, 24 in February and 36 in March. The 1963 deaths were 33 in January, 46 in February and 49 in March.

## Statement By Candidate On Children's Schools

Dr. E. W. Wallon, a Granite City school board candidate, said this week that false rumors are circulating about the schools attended by his children. He issued the following statement:

"I have been told many times in the past two days that my children have attended and are now attending exclusive St. Louis schools. This is not true. Once again for the record, I have five children.

"Their present status: Gene Jr., age 24, married to Dixie Lee Ashford; attended Granite City public schools; works for the Illinois Power Co. Inez Walton Ford, age 22; married to Edward C. Ford; attended Granite City public schools.

"Lynn Marie, age 19, attended Granite City public schools; she is now in college studying to be a doctor. Mary Beth, age 17, is now a senior at Granite City senior high school; she will graduate in June. Darla Sue, age 13, is a seventh grade student at Coolidge junior high school; she was one of 21 students to make straight 'A's' last semester.

"I have made the above statement hundreds of times. I hope this article will dispel once and for all the allegations."

## Farm Column

By TRUMAN W. MAY  
Madison County Farm Adviser

### CORN-PLANTING TIME IS NEAR

It will not be long till corn-planting time and farmers, more than usual, will be making some important decisions.

One problem is soil moisture. The deep subsoil has still not been recharged despite the recent rains. If rainfall between now and corn-planting time is inadequate, here are some points to consider in arriving at your fertilizer and planting rates:

Proper fertilization increases the efficiency of an inadequate water supply, says Samuel R. Aldrich, extension agronomist and others on the staff of the College of Agriculture, University of Illinois. Therefore, the standard rates of preplant and row fertilizer are likely to be most profitable in 1964. Farmers who sidetrack most of their nitrogen may want to use a moderate rate rather than a very heavy rate if it is still dry by

mid-June and the long-range forecast at that time is for low average rainfall.

Water use is not directly proportional to population. Surprisingly as it may seem, populations of 12,000, 15,000, and 18,000 plants per acre use about the same total amount of water. High populations shade the soil more completely, and thus less moisture is lost by evaporation. Besides, in thick stands the lower corn leaves are shaded more by upper leaves, and this also tends to equalize moisture lost between low, medium, and high populations.

About 15,000 to 16,000 plants is a good goal for medium fertility levels, and 17,000 to 19,000 for high fertility. Assuming that 90% of the kernels make plants, you will need to plant 1500 to 2000 extra kernels to obtain these populations. The drop-off in yield above the optimum population (for any given moisture supply) is less rapid than farmers thought prior to 1963. You may wonder what happens to yield if the best population in a dry summer turns out to be 10,000 but you have 18,000. Rest assured that the extra 2000 plants won't have much effect on your

yield. Aiming for 20,000 to 24,000 hybrids outyielded Piper sudangrass by several tons per acre when cut twice. However, when cut four times, at a height of 30 inches as several seed companies are recommending, Piper gave the highest yields.

Drought resistance often credited to these hybrids failed to show up in the Illinois tests. In most years we would expect them to outyield alfalfa, but under near-drought conditions at Urbana, they yielded less than alfalfa varieties on nearby plots. The hybrids do have a real place in a summer feeding program, especially for dairy cattle, whether for hay or haylage (cut early and crushed or crimped to speed drying) or in pasture or green chop. But it is doubtful if they can compete as feed to be stored for winter use. With no grain, they lack the energy content and digestibility of corn silage. Some promotional material has suggested these hybrids are as high in protein as alfalfa hay. Sudangrass and sudangrass crosses have generally tested 8 to 12% in total protein, while good alfalfa hay should contain 15 to 20% protein on a dry-matter basis.

For summer feeding programs these sudangrass hybrids are excellent. They can produce a great deal of feed during July, August and September. If a farmer wants one or two cuttings, the hybrid will give him more tonnage than sudangrass. However, for more frequent cutting, Piper sudangrass will probably be preferable. We do not believe that these hybrids can compete with corn silage and alfalfa hay or haylage for winter feed except in an emergency; they might help out where a seeding failed or a forage stand winterkilled.

A tour to the Dixon Springs Experimental Station of the University of Illinois for Madison county farmers will be held April 24. The program starts at 10 a.m. and four hours should be planned for the trip. The station is in Pope county, about 165 miles southeast, and

can be made for lunch. Anyone interested will be welcome, along with other members of the family.

Farmers planning to go are requested to inform the farm adviser's office how many will be in the party, so arrangements

can be made for lunch. Anyone interested will be welcome, along with other members of the family.

# Madison, Venice School Candidates Give Views on Board Operations

## 6 Seek 3 Madison Posts; 4 Running In Venice

The six candidates seeking the three Madison school board posts and the four running for the two Venice posts in Saturday's school board elections submitted the same Press-Record questionnaires as Granite City candidates answered. The data was sought to aid voters in comparing the candidates' experiences and views. In most instances the questionnaires were completed and returned to the newspaper for publication.

The article for each candidate also includes a biographical sketch, followed by the candidates' answers to the 11 questions which are listed below. School elections will be held in Venice on Saturday, June 15, with the polls open from noon to 7 p.m.

### JOHN N. BELLOFF

John N. Belloff, 41, of 1019 Grand avenue, Madison, is seeking re-election to a three-year term to the Madison board of education. He has been a member of the board for the past 13 years and has been its president most of the time.

A graduate of Madison high school, he attended Washington University, St. Louis, and is a veteran of world war two. He currently is a member of the board of the Tri-City Regional Port Authority and is assistant chief of the Madison volunteer fire department. He was a member of the county board of review for four years. He operates Belloff's grocery in Madison.

### HENRY M. BAUCUM

Henry M. Baucum, 57, of 815 Bissell street is seeking re-election Saturday to the Madison school board of which he has been a member for the past 12 years.

He is owner and operator of the Baucum grocery at 1401 LeGrand street. He attended Lincoln high school in St. Louis. At one time he was a member of the Methodist church, American Legion and Boy Scout program.

### CHESTER McMANAWAY

Chester L. McManaway, 49, of 1881 Second street, Madison, is seeking re-election to his fourth consecutive three-year term on the Madison board of education.

He was first elected in 1955. He also served as city treasurer from 1945 to 1949, health commissioner from 1949 to 1953 and was secretary of the playground and recreation board from 1949 to 1953.

### HERMAN SMITH SR.

Herman Smith sr., 46, of 201 Terry street, Eagle Park area, is a candidate for the Venice school board. He is employed as an air-arc burner for American Steel Foundries. Smith is a 1937 graduate of Lincoln high school, Venice.

Smith currently is precinct committeeman for Eagle Park and is a member of the Quimby Mission A.M.E. church.

### FRED DURER JR.

Fred "Corky" Durer jr., 35, of 601 Jefferson avenue, is a candidate for the Venice school board. He is an insurance representative for Metropolitan Life Insurance Co. He attended the Venice Crippled Children's training center sponsored by the National Association of Life Underwriters and was presented a national quality award in 1961 by the same group. He is a Venice high school graduate.

### JOHN E. GONTERMAN

John E. Gonterman, 44, of 1009 Third street, Venice, is a candidate for the Venice school board. He is a carman for the GM&O Railroad. He is a member of the First Methodist Church, Madison, Masonic Lodge 835, Venice - Madison American Legion Post 307, VFW Post 1300, of the Egyptian Post Commander club and of the Venice Crippled Children's Organization.

Belloff is a member of Holy Trinity Bulgarian Eastern Orthodox Church, Madison, Masonic Lodge 877, White Shrine, Scottish Rite, Shriners, Legion of Honor, preceptory, Cakolia Mounts Council of Boy Scouts, Lions club, American Legion and is a Granite City Delmaray advisor.

Baucum and his wife, Miriam, have no children.

His questionnaire answers follow:

In seeking the office he said "I believe the schools should be run efficiently, economically and progressively, consistent with requirements of the state and the needs of the community, but above all for the benefit of the children both at present and in the long range for their future."

He operates the McManaway agency, dealing in general insurance and real estate, and is a member of the First Baptist Church of Madison. He and his wife, Mrs. Gertrude McManaway, have one child, Miss Nancy Lee McManaway, fourth grade teacher in Wilson school, Granite City.

Smith's answers to the Press-Record questionnaire are—

1. As a Democratic nation, the free enterprise system is fundamental to our society and should be impressed upon our youth if we are to make good citizens of them.

2. The advantages of the American free enterprise system should definitely be emphasized in the schools. It is especially taught in an important part of the school course of study. We feel this responsibility keenly and assume all school systems feel this same way.

3. School board members' compensation expenses should be reimbursed at actual cost as determined by statute.

4. The school district should pay the board secretary a salary determined by the responsibility and work of the office and the financial condition of the school district.

5. All school districts should pay the school treasurer a salary commensurate with the responsibilities and duties of the office and the financial condition of the school district.

6. The school district should be operated so as to eliminate the need to borrow for current operating expenses if it is possible to do so.

7. This school system, which serves West Madison, North Venice, the city of Madison, East Madison, Cloverleaf, a small portion of Eagle Acres and the large expense of the Bend area, has not borrowed for current operating expenses for the past 12 years and with no change in the \$150 educational fund during these 12 years.

8. Naturally, the rapid growth of pupil enrollment, the need for more educational service, constant inflation in the cost of materials and services coupled with a terrific loss in assessed valuation may call for borrowing or an upward change in the educational fund rate. We will naturally be guided in our future expenditures by the people the schools serve, just as we have in the past.

9. School districts should definitely invest idle funds. We have not experienced the good fortune of having idle funds except when bonds were sold for the building of Harris and Blair schools. This interest was used to furnish bond and the 28 classrooms in these two new buildings.

10. Purchases should be made on the basis of open competitive bidding with quality of items as well as price being given consideration. Tax money can be wasted if price alone is the determining factor.

11. The school district assembly bids prices and studies the quality of items bid on during the month of January, February and March. When the final settlement is received, the district makes a decision on the money with funds on hand, always retaining enough cash to meet the needs of the school district throughout the month of August when the first settlement of new taxes is received.

12. This bid and purchase method is the one we have used for 12 years and is the only method to make to prevent deficit borrowing.

13. The only changes we could make while working in the area of the curriculum which is in a continuing change for the better in the field of public relations.

14. Although the school board determines policy, the voters serve determine the membership of the board. If our policies are not in line with the desires of the voters, the people will let us know at each annual school election.

15. The school district should be operated so as to eliminate the need to borrow for current operating expenses if it is possible to do so.

16. The school district should pay the board secretary a salary determined by the responsibility and work of the office and the financial condition of the school district.

17. The school district should pay the school treasurer a salary commensurate with the responsibilities and duties of the office and the financial condition of the school district.

18. The school district should be operated so as to eliminate the need to borrow for current operating expenses if it is possible to do so.

19. The school district should pay the board secretary a salary determined by the responsibility and work of the office and the financial condition of the school district.

MRS. LOUISE POTILLO  
2445 Illinois Avenue  
TR 6-8008

The Vivian Wilson five-year-old Sunbeam Band met during worship services at Second Baptist Church Sunday. The children repeated a Bible verse and Mrs. Jean Wyatt told a story. The group sang and made kites. Refreshments were served. Mrs. Wyatt was assisted by Lenore Welty. Sunbeams present were Carol Freeman, Wally Moore, Gary Thorne Jr., Douglas Smith, Susan Welty, Ruth Ann Wilson and Rebecca Clemens. Visitors were Vicki Welty, Pamela, Reubin and Cynthia Wyatt, Debbie Freeman and Steve Penderly. Mrs. Wyatt closed the meeting with prayer.

CLASS MEETS IN TURCK HOME  
Mrs. Pat Turck of Edwards street entertained the Sunshine Scavengers class, Second Baptist Church, in her home Monday evening and presided over the business session.

Plans were begun for a mother-daughter dinner April 27 at the church, and changing the class name was discussed. It was also decided to send get-well cards to a hospital patient.

Mrs. Betty Doyle directed games, awards going to Mrs. Elsie Stundland and Mrs. Maxine Thorne, and the hostesses served refreshments to the three and Mrs. Shirley Mayberry. Mrs. Sue Leslie, Mrs. Emma Fowler, Mrs. Lorraine Whitson, Mrs. Ruth Hammond and Mrs. Barbara Elmore.

The devotional, "Spring Housecleaning," was given by Mrs. Dacus.

CALIFORNIA VACATION  
Mrs. Viola Belmer, 4127 Alton road, is on a three-week vacation in California. She is visiting her brother and sister-in-law, Mr. and Mrs. Paul Vaughn of 21 Monte and Mr. and Mrs. Sidney Vaughn of Pomona. She is also visiting in Long Beach and Los Angeles.

Pet. Richard Ostresh was home for the weekend, visiting his parents, Mr. and Mrs. George Ostresh, 2034 Thirteenth street. Ostresh is stationed at Fort Leonard Wood, Mo. He plays the clarinet in the band there.

Mr. and Mrs. Carl Ciccutti and daughters, Tonya and Angela, 4135 Rode avenue, were in Pinckneyville, Ill., during the weekend and were guests of Mr. and Mrs. Harry House and other relatives.

**Tavern Door Forced Open**  
The door of the Good Neighbor tavern, 916 Niedringhaus avenue, was found to be forced open early Tuesday. John Varadin, proprietor, reported that nothing was missing.

## City Will Condemn For Nameoki Road

Condemnation proceedings will be needed to secure almost all of the additional right-of-way for the widening of Nameoki road north of Madison avenue. It was reported to the council Monday night by City Atty. George Filcoff Jr.

The attorney said he had received appraisal data on all but nine of the plots and is expecting those from the state highway department's French Village office within a few days. The state reviews all appraisals which are made by a city-hired appraiser.

The attorney, who gave the report at the request of Alderman G. H. Sternberg, Street committee chairman, said he has not found one property owner willing to negotiate for purchase of the property needed.

Also in connection with the Nameoki road project, the city was advised of two changes in the original agreement between the city and state, dated July 2, 1958. Under the agreement, the city is to acquire the right-of-way with its motor fuel tax funds amounting to about 10% of the project costs.

The changes sought are to permit the state to use existing right-of-way for its construction equipment when the project is started and that the city remove all existing encroachments on the right-of-way and halt any further encroachments.

## Ministers Hear Talk On Mental Health

The Quad-City Ministerial Alliance meeting Tuesday morning at St. John United Church of Christ on Nameoki road heard a talk on "Mental Health."

Rev. John Dicus, pastor of the Mitchell Presbyterian Church, presided in the absence of the president, Rev. B. A. Bryan, and guest speaker was Capt. Robert Weaver of the Army Depot.

In discussing "Mental Health" he recommended daily physical exercise, starting slowly and gradually building up to more strenuous exercise. Twelve ministers were present.

## Auto Glass Shattered

Norman Dunscomb, 2459 Jordan avenue, reported Monday that while his 1957 car was parked at his home last Saturday, vandals shattered the left front door glass and broke the rear view mirror off the left side.

## Record Player Stolen

A \$100 high-fidelity record player with heavy cabinet was stolen from the home of Elton Jennings, 205 Hill street, Eagle Park Acres, the sheriff was notified Monday.
